

Medicine and Dentistry Application Guide

The Med-P/Dent-P student association of McGill has come together to create a comprehensive admissions guidebook to medical and dentistry school in Quebec, designed for CEGEP and high school students who have an interest in applying to medicine or dentistry. We have made large efforts to cover all our bases, having included tips and first-hand testimonials from current and past students as well as debunking myths about the application process (e.g. “You absolutely need a 38 R-score to get in!”) and med school itself. Additionally, the book contains detailed information about each of the four medical faculties of Quebec (those being McGill, Universite de Montreal, Universite de Laval and Universite de Sherbrooke), so it is a very versatile tool and can potentially be a valuable resource to any candidate. Ultimately, the purpose of this guidebook is to promote access to information and to provide a helpful bank of information to all those who desire to apply to medicine or dentistry. It also walks you through the admission process and helps you prepare for each of the admission steps (focus on the CV, the personal narrative and the interviews).

If you would like to purchase a guide, please contact: Richard Hu Phone number: 514-432-7618 E-mail: richard.h.321@hotmail.com

Sincerely,
The MDSA team
